

# Invitation

for a German-Tanzanian seminar  
for experienced

## Youth-Leaders

from 6 to 19 Jan. 2022

How can a meeting with young people from East Africa (Kenya, Congo, Tanzania) and Bavaria be successful? How do we mutually agree on the contents? How can we prepare them well together? What special attention must we pay for East African and Bavarian situations? What kinds of supports and sponsorships are available?

These and many more questions are at the beginning of every youth encounter - even if people are familiar with regular youth exchanges. Therefore it is good to take the time to look at youth encounters from different perspectives together, in direct exchange. We will try and look for common answers to the content, logistical, pedagogical, personal and spiritual questions of cooperation.

In addition to the above-mentioned aspects of youth encounters, fundamental topics will be discussed and common guidelines will be developed:

- ▶ How do we understand our partnerships? What are our goals?
- ▶ How do we perceive ourselves and our partners? How do we get along well with our different cultural imprints? Which 'power issues' influence our interaction and how do we find a constructive way to deal with them?
- ▶ Which (development-related) issues should be addressed and what content should be discussed?

At the end of the seminar, we expect to have concrete plans for our next youth encounter. In addition, there should also be an increase in professional and personal knowledge and experience that will enrich further international youth work in the cooperation with each other. We also believe that there will be positive effects even on our youth work in our deaneries and parishes.

This training is aimed at all youth leaders who are interested in an international encounter with Bavarian and East African youth or who would like to gain further qualifications in their encounter work. Ideally, the respective Bavarian and East African leaders of the same youth encounter will participate in our seminar.

The seminar for experienced **Youth-Leaders** will take place in Morogoro/Tanzania from 6. - 19.01.2022.

**Personal costs** for the East African participants will be the travel expenses to and from Morogoro and a contribution to the costs to the amount of 125,000/=TShs (~ 50,-€).

The seminar is sponsored by Mission OneWorld, Children and Youth Plan of the Federal Republic, as well as by the Lutheran Church in Bavaria.

The deadline for registration is 15 June 2021.

Registration by mail to:  
marlene.gilcher@mission-einewelt.de  
or via [Online-Application](#).
